## HOW TO BE HAPPY THOUGH MARRIED

### Dr. Foulks Tells of Food Necessary For Well Balanced Ration

### BAD COOKING KILLS

**Eat Less Sugar, Fats and Starch in Summer and More Fresh Vegetables.**

It is needless to state that the food we eat has a very important relation to individual health, which greatly depends upon—1st. The variety and kind of food selected. 2—The quality of such food. 3rd. How it is prepared and cooked for eating. 4th. How it is handled and protected from contamination, starting from the producer, on down the line until it reaches your plate upon the table.

No single article of food would long sustain an adult human being in perfect health, as it would not contain all the eliments, ferments and enzymes required by the human organism. It is for this reason we must eat many different kinds of food, in order to obtain the eliments needed by the body to produce heat and power and make the constant reconstruction and repairs daily required by the wonderfully complicated human machine.

Think of the heart, that marvelous little force pump, which starts before you are born and never stops for even a minute all through life, until at last the hand of death rings the bell to stop pumping, and then the life stream of blood no longer flows through the veins.

In discussing this food question, it must be understood that I am now speaking of food for adults only, as a small child can not only live on milk alone, but thrive upon it, while an adult requires some more solid forms of food.

We can divide our required forms of food, roughly into four classes as follows.

Class 1.—Building Foods. These are composed chiefly of a mixture of protein, water and minerals, and form the flesh, blood and bone of the human body. This class of foods is required for building or growth and in making the daily repairs to worn parts.

Class 2.—Fuel Foods. This class of foods is oxidized or burned up in the body and furnish heat to keep the body warm and power to enable the individual to do work.

Class 3.—Regulating Foods. These are foods that have either a direct or indirect influence upon the process of assimilation and elimination of the fuel and building foods.

Class 4.—Bulk Foods. This form of food has little building value, or heat and power producing qualities, but is required chiefly to give bulk to the more concentrated foods. A part of this class of food passes through the stomach and bowels unchanged, and by the mechanical irritation caused, stimulates the flow of digestive fluids and intestinal action. The lack of this kind of rough food, is the principal cause of constipation.

The question now is, what kinds of foodstuffs would fill the above mentioned requirements and furnish a well balanced ration?

For the principal meal of the day, an adult man or woman in ordinary active life, should have at least one dish of each of the following four classes of foods.

Class 1.—Building foods, such as fish, cheese, milk, meat, peas, eggs or beans. These are rich in protein.

Class 2. Fuel foods. Such as potatoes, baked apples, beets, cereals and dishes made up from corn or wheat flour with sugar and fats like butter or lard. Such are rich in starch and sugar and fat.

Class 3.—Regulating foods. Such as boiled greens, salads, celery, raw tomatoes, unpolished rice and hominy berries and small fruits. Such furnish vitamins and mineral salts.

Class 4.—Bulk foods. Such as young onions, radishes, parsnips and other vegetable roots. Large fruits, apples, peaches and pears, which should be eaten with their skins on in all cases. Such foods stimulates digestion and tend to prevent constipation.

This will give a general idea of what I mean by a balanced ration. The season should govern the selection of foods to a great extent. Less fuel foods are required in summer than in winter, hence less sugar, fats and starch should be eaten. In summer, nature provides fresh vegetables, fruits and berries. We should eat them.

Now comes the question of quality. Need I say that fresh, clean food is absolutely imperative; Never buy stale food of any kind. Stale meat, chicken or fish are often deadly. Don't run risks. If your dealer handles the meats or other exposed food he sells you, as if it were some garbage he was trying to get off his hands, just take my advice and change your store There are some stores, by the way, that should furnish their victims—or should I say customers—with a gas mask and a pairo f smoked glasses as they enter. But why enter? If a thing smells rotten, we keep away from it. Apply this rule to the store!

And now we come to the preparation, cooking and serving of our well selected, fresh, clean food. There are cooks and cooks—truly, a good cook is a pearl beyond price. "A man is reached through his stomach," it is said, but more stomachs have been ruined by bad cooking, than were ever punctured by bullets on the battle field. You can't have a happy home and dyspeptic husband. They won't mix!

It is a mighty poor sort of a man who won't respond to a well cooked cleanly served meal of good food. So I claim it is yet within the bound of possibility to be happy though married! But don't dig your own grave with your teeth, or force him to do so!

### UNION PRINTERS ASK PARELY

**Strikers, On Eve of Employers' Conference, Request Meeting**

New York, Oct. 7.—On the eve of the meeting of employing printers, which is to be held here today at the Hotel Astor, to discuss the situation growing out of the walkout of compositors following the lockout of 10,000 pressmen and feeders, announcement was made by the employers that officials of "Big Six" typographical union had requested another conference The joint meeting, it was said, would be held some time this week probably on Wednesday.

W. H. McHugh, vice-president of the International Printing Pressmen's and Assistants' Union, at the same time, was reported in the city endeavoring to get employers to agree to a contract providing for a 44-hour week. Meanwhile hundreds of printers in various book and job establishments throughout the city were reported as joining their fellowcraftsmen in taking unexpected "vacations."

Many of the "vacationists" who visited "Big Six" headquarters during the day to ascertain their union status, when told to return to work or their places would be filled, announced their intention of remaining out and taking other compositors with them.

### I W. W. IN YOUNGSTOWN

Youngstown, Ohio. Oct. 7.—While 700 workmen entered the plant of the Youngstown Sheet and Tube Company yesterday and an equal number returned to the local plant of the Carnegie Steel Company, officials of the companies point out that the forces at work are negligible from an operating standpoint. In consequence the industrial tie-up promises to continue indefinitely.

Meetings of I. W. W. organizations are being held here, the latest development being the appearance of posters splashed with red and calling for direct action. They bear the signature William D. Haywood.

Twelve hundred quarrymen have been forced into idleness by the closing of limestone quarries at Bessemer, Hillsville and Carbon, Pa., near here as a result of the strike.

## COMMERCE BODY MONTHLY LETTER

### News Letter Prepared by Body Sent Out To Its Members

### MATTERS OF INTEREST

**Tells of Activities During Past Month and Plans Under Why For General Improvements.**

The monthly news letter of the Chamber of Commerce has been submitted by that organization to its members. This is the first number of a news letter from that organization. Its purpose is to strive to foster the trade and welfare of Alexandria and to write something of interest to its members.

Questions taken up in the latter include the condition of the streets and lights in East Rosemont, and it is set forth in the letter that a committee should appear before council in behalf of these much needed improvements that the only way to keep a citizen happy and satisfied is to give the comforts and healthy surroundings that he would be able to get in other communities, and that if this is not done it is more than likely that he will move away at the first opportunity and thereby lessen the income of our city and business.

Another matter taken up is the illumination of King street.

Other matters included in the letter pertain to county roads, Y. M. C. A., housing situation, commuters' association and a number of other matters of general interest to its members.

The letter is nicely gotten up and concisely gives the activities of the Chamber of Commerce for the month is a suitable shape for the busy man.

### THE FESTIVAL OF SUCCOTH

**Will Be Observed Here Tomorrow Evening**

Beginning Wednesday evening, October 8, and continuing for eight days there will be celebrated one of the most distinctive of Jewish festal occasions. It follows close upon the New Year and the Day of Atonement, but presents a striking contrast to the deep solemnity of these holy days, for it is primarily a time of joy.

Succoth, the name by which this annual religious event is commonly known, translated literally, means Feast of Tabernacles, or Booths, referring to the wilderness sojourn of the Israelites after the departure from Egypt, when they had no permanent dwelling, but lived in booths, Historically, however, Succoth has its chief significance as a feast of thanks giving for the completion of the harvest. In Palestinian times, it was customary for people from all parts of the country to make a pilgrimage to Jerusalem every recurring Succoth and, amid much rejoicing, to offer, in the Temple, sacrifices to God who vouchsafed abundant crops.

The early manner of observing Succoth illustrates the democratic tendency of the Jewish religion. Every family, rich and poor alike, was required to erect, and occupy for the period of the festival a booth constructed out of the boughs of trees, and covered with newly harvested fruit. These boths reminded the people of the past when there were no inequalities among Israel; when all were simply redeemed slaves, enjoying their new gotten freedom with childish glee; when, in place of pretentious buildings, there were only rude huts, affording adequate protection from the rigor of weather, but open to the sunlight and refreshing breeze so suggestive of human liberty. In the pilgrimages, too, the democratic appeal is quite pronounced, for again men of all stations in life flocked to the Temple of Jerusalem, tacity recognizing that, whatever their economic conditions, they stood on the same plane as children of the One God for whose fatherly help in promoting the growth of crops they had come to render thanks.

At the present day, a booth, after the old pattern, is usually erected on the premises of the temple or synagog Many pious familes still put up such structures in the yards of their homes and eat meals therein. Some temples hold childrens harvest festivals, the children bringing offerings of fruits, grain, vegetables and flowers to the temple, to be distributed among the needy and the sick.

Services will be held at 7.30 o'cloc tomorrow night, in the synagogue and will be conducted by B. Weil.

### BURNED TO CRISP

Trenton, N J., Oct. 7.—For the entertainment of several guests at his home Sunday afternoon, Alexandro Pronetti, 23 years old, climbed a trolley pole in front of his home As his body came in contact with live wires 2600 volts shot through it, killing him instantly.

The visitors were about to leave and Propetti and his wife accompanied them to the roadway, While they awaited a trolley car the young man offered to give an exhibition of his skill in climbing. He mounted half way up the pole, feet first, and then ascended the remaining distance to the top in the conventional way, hand over hand. When he grasped one of the cross bars his wife and the other spectators beneath were horrified to see his body flung forcibly across the wires, enveloped in flames. His clothes were burned to ashes and his body, almost severed in two by the current, was burned to a crisp. His wife fainted.

It was not until the current had been shut off at the power house that the body of Propetti could be taken from the pole. He had been married only a short time.

### KILLED BY ELECTRIC IRON

**Knitting Company's Secretary Badly Burned About Chest Below the Heart**

Pottstown, Pa., Oct. 7.—David E. Buckwalter, 35, secretary of the Vaugan Knitting Company, was instantly killed at the plant yesterday afternoon while working with an electric iron which only carried 110 volts. His hands and his chest, directly below the heart, were burned.

Just how the accident occurred has not been determined, for the voltage was not high enough to kill a person.

Buckwalter leaves a widow and one child.

## POLICE CAPTURE A "DISTILLERY"

### Make Descent Upon House Where So-Called Whisky Was Being Made

### TAKE ENTIRE OUTFIT

**Minions of the Law Had Their Eyes Fixed Upon Place For Some Time —Customers Held as Witnesses.**

Chief Goods, Sergeant Wilkinson, Officer Smith and Southern Railway Inspector Rand last night raided a house in Delaney's court in the northwestern section of the city where the officers had reason to believe so-called whisky was being manufactured. They took charge of Jesse Cole, colored, proprietor, together with all his outfit. He was engaged at the time, the officers say, in the manufacture of a potion which is passing as whisky in this city. There was a steaming kettle on a stove, which was sending out suspicious fumes. In the room were found sundry articles said to enter into the manufacture of a liquid which is being used by dipsomaniacs in this section during these arid times. A generous supply of denatured alcohol, soda water in bottles, a gallon jug of pure alcohol, a bottle of fruit punch, etc., said to enter into the liquid, were found in the place.

Two white men were in the house at the time, presumably waiting to be served with Cole's production. They are being held as witnesses. The accused will be brought before the Police court tonight.

The police have had Cole's place under surveilance for some time, as certain white men whose wont it is to tarry long with the wine have often been to enter and leave the house.

Among Cole's effects was a bottle containing some of his so-called whisky.

### PRESIDENT IMPROVES

**Cool Spell Helps Chief Executive in Health Fight**

President Wilson spent a comfortable night and continues to show slight improvement, it was learned unofficially at the White House this morning.

If some matter of paramount importance arose that required the attention of the President it could be presented to him and he could act, according to reports current today.

This statement indicates how far the President has progressed since his return to the White House. No such contingency is looked for and the matter would have to be desperate indeed to induce the physicians to take the chance involved by breaking in on the period of absolute mental and physical rest that has been prescribed. Three days ago, however, the possibility of President Wilson's performing any official function, no matter how serious the crisis would have been vetoed absolutely.

**Downfall of Cabinet Causes Apprehension—Sultan's Rescript Calls Holding of Elections**

Paris, Oct. 7.—The downfall of the Turkish Cabinet, following the occupation by Turkish Nationalist troops of Konieh, an important city of Asia Minor, connected by railroad lines with Scutari and Smyrna is considered in French circles as creating a grave situation in Asia Minor, and the developments of another difficult problem for the Peace Conference. The young Turks are thought to be regaining the upper hand in Turkey.

A new Cabinet has been formed in succession to the Ministry of Damad Ferid Pasha, the new Grand Vizier being General Ali Risa Pasha.

The rescript of the Sultan defines the mission of the new Cabinet as being to arrange for the holding of elections and convene the Parliament.

### IN MEMORIAM

In the death of Mr. William George Brown, which occurred so suddenly and so tragically on the night of Friday, September 19th, the friends and the community, as well as the immediate family are very greatly bereaved. For Mr. Brown was a man of pleasing and magnetic personality, easily and quickly making friends and holding them. This was so plainly seen in the large and sympathetic gathering of friends and fellowworkmen at his funeral, which took place from his mother's home on Monday, September 22nd, 1919.

Mr. Brown was born in Nelson County, Va., October 17th, 1891, and moved to Alexandria about eleven years ago, since which time he has been regularly employed by the R. F. and P. and the Southern Railways, with the exception of an interval of fourteen months, when he answered the call of his Country and served overseas in the American Expeditionary Forces.

His death is doubly pathetic in that his mother and friends have passed twice through the "Valley of the Shadow," he having been reported as having died in France.

His father died abopt 5 years ago in Nelson County, Va., His mother, Mrs. Roselle V. Brown, two brothers, R. Garland and Edmond P. of Alexandria, together with two uncles and aunts of near Afton, Va., are deeply bereaved in his death, and remain to mourn him.

In early life he united with the Methodist Church, and was also a member of the Maccabees, the Moose and the Brotherhood of Railroad Trainmen.

With great sorrow he was laid to rest in beautiful Bethel Cemetery in his city.

Why should our tears in sorrow flow
When God recalls His own,
And bids them leave a world of woe
For an immortal crown?

His toils are past, his work is done,
And he is fully blest;
He fought the fight, the victory won,
And entered into rest.

Then let our sorrows cease to flow,
God has recalled His own,
But let our hearts, in every woe,
Still say, Thy will be done."

## GOING OFF HALF-COCKED

Ten or twelve years ago a certain neighborhood in Alexandria was convulsed by the excitement indent to an alleged attempt to kidnap a little child by an erratic man who resided in Alexandria county. The case was investigated by the authorities, but it amounted to nothing. Women in the section of the city referred to were wrought to the highest pitch of excitement, and while it was on with all its force some signified their intention to use carving knives, others boiling water, rolling pins, etc., should any person have the temerity to approach one of their offspring. At this time a citizen chanced to walk one evening in the neighborhood in an excited condition, when a small child, to young to talk, walked up to him and took his hand in a confiding manner. The little one refused to let go his hand, and the man, realizing he was in a neighborhood where excitement prevailed conderning alleged kidnapping became apprehensive, and stopped and forcibly removed the child's hand not knowing what might follow should a cry "kidnapper in the neighborhood" be raised.

An incident in Philadelphia last Sunday brought the above to mind.

John F. Tully, 21 years old, was roughly treated by an angry crowd at his home when it was reported in the neighborhood that he had assaulted a nine year girl. Tully was arrested and yesteday the charge was dismissed by the Police Court, which believed Tully had been unjustly accused.

The child often visited the Tully home and ran errands for members of the family. Sunday she was sent for a bottle of milk and returned without any. She then ran home crying and an unjust charge was preferred against Tully, which was disproved in every detail.

## FATE OF EDITORS

A preacher in a Presbyterian pulpit of Baltimore last Sunday sealed the fate of editors. They were placed by the minister in the irreligious list with politicians.

Rev. Dr. Harris E. Kirk in a sermon which he preached Sunday night at Franklin Street Presbyterian Church, made this startling announcement.

The subject of the sermon was not political, but the speaker made reference to the chaotic industrial condition and the "orgy of spending" which have seized upon the people of the country.

"The country" he remarked, "is being governed by the journalists and the politicians, neither of whom know anything nor care anything about the Christian religion."

The above will be read with concern by the many whose lot has placed them in sanctums. Some knights of the quill make the words of one of the apostles—"Let patience have her perfect work"—their slogan in trying moments. He often enters his den with a vacant mind His imagination is running law, there have been no occurrences during the night, rom odrh is normal and he is informed early that much copy will be required during the day. Subscribers expect something original or startling while the man who has no vacation but is kept upon the treadmill every day and in many cases with Sunday not excepted, scratches his head in apprehension. And now when he hears that, like Simon Magus, he has neither lot nor part in the Christian religion, his depression becomes acute.

## TWICE REPUDIATED

It is not given to every politician to achieve the distinction of being twice repudiated by his own party within three days, but Senator Lodge has made that record and seems proud of it says the Philadelphia Record. "The Senate Committee on Foreign Relations, of which he is chairman, had made through him a favorable report on 36 amendments to the peace treaty proposed by Seantor Fall. Senator Lodge made a long speech in support of these amendments, of which he expressed his strong approval. By majorities ranging from 15 to 28 the Senate on Thursday last contemptuously tossed the whole bunch into the waste basket.

"Smarting under this reverse, the Massachusetts Senator hurried away to his home State, whose Republicans held their convention on Saturday. There, after making a bitter fight to secure a complete indorsement of his course, he had the mortification of having to listen to the reading of a platform favoring "prompt ratification of the treaty of peace without amendment, but with such equivocal and effective reservations," etc. To save his face the great Henry had to insist that he would continue his policy unchanged, and such in his obstinacy hat he will probably do so. He now knows, however, what a very large majority of his Senatorial colleagues and of the people of his own State think of his brand of partisanship."

## THE INDUSTRIAL CONFERENCE

The industrial conference is now in session in Washington, and the eyes of the nation are directed towards its deliberations.

Exactly how Mr. Gompers, who believes in unionizing police departments and permitting the railroads of the country to be tied up by strikes, can reach easy agreement with those who believe that course spells anarchy is not discernible says the Baltimore News. Only a few days ago Mr. Gompers, testifying before the Senate Labor Committee on the anti-strike provision in the Cummins bill, said:

"It s not necessary but repugnant to the spirit of the Constitution and antagonistic to the spirit of the Republic. American workman will not surrender the right to stop work. The section would imply create lawbreakers. If this section is passed I would have no more hesitancy in participating in a strike than I would now."

As our cotemporary says, "no argument is going to convince Gompers that he is wrong. If Congress believes that, having the power to control interstate commerce, it has the power to see that its course is not interfered with by a strike that halts it, there is nothing for it to do but accept Mr. Gompers' challenge. All that the conference can do is to discuss the thesis, hear all that is to be said bout it and then make public its conclusions in the hope that they will influence public opinion."

## GERMANS NOT DOWNHEARTED

Like many other intelligent observers who have recently returned rom Germany, Captain Coningsby Dawson protests against the belief hat Germany is a crushed nation. t is a belief which the Germans or obvous reasons are endeavoring to encourage. From the very beginning of the armistice cries of distress have gone up from them. The terms of the Peace Treaty have been denounced as ruinious to future prosperity. Pitiful tales of destitution among the people have been spread broadcast. Yet Captain Dawson asserts—and there is any amount of other evidence to the same effect—that Germany "has remained absolutely unhurt physically"

The Germans started the war as a business enterprise they prepared to make a huge profit out of it; and though their ambitions largely failed of realization, they left two of their chief competitors, France and Belgium, in such a crippled condition that Germany can re-enter world trade with many advantages in her favor, There is no trick in the whole bag that the Germans do not have at their fingers' ends. Captain Dawson says that they have already put put huge quantities of goods disguised as Dutch, Spanish or Scandinavian. They must sell their wares, of course, if they are to help in repairing the vast damage they have wrought. But sympathy with them as a disheartened and impoverished people is misplaced.

More alarming than anything else, perhaps, is the persistence of the old arrongant spirit which fostered the earlier German dreams of world dominion. Captain Dawson found it in full efflorescence. "There is not a German," he says, "who believes the country has been beaten in the war." However desirable it may have been to grant an armistice when the German military machine first began to go to pieces, there are many who still feel that it was a pity the Allied armies could not have marched through the streets of Berlin.—Philadelphia Inquirer.

## $10,000 SAVINGS STOLEN

### Money Was in Safe Carried Away From Cummin Store

Petersburg, Va., Oct. 7.—The store of E. H. Cummin on the stage road, Prince George county, fifteen miles from Petersburg, was broken into Sunday night by burglars who carried off a small iron safe containing several hundred dollars in cash, $300 in checks, deeds and other valuable papers, the whole amounting to $10,000 dollars, representing the savings of a lifetime.

The supposition is that the safe which was the only thing in the store disturbed, was carried off by the burglars in an automobile.

Only results—the inviting appearance, the fine even texture and delicious tastiness of foods leavened with it—can truly prove how much better Rumford is.

### PLOT TO SLAY FARMERS

**Twenty-One White Planters in Arkansas Were Marked to be Killed**

Elaine, Ark. Oct. 7.—Discovery of what is believed to have been a widespread plot on the part of organized negroes for a general killing of whites in this locality and possibly in other parts of the South, led officials yesterday to tighten up on emergency measures and redouble their efforts to apprehend leaders of the alleged organization who are still at large.

The existence of the alleged conspiracy was brought to light by the committee of 7 appointed by civil and military authorities following the race disorders here last week through the questioning of negro prisoners.

According to committee members the negro captives readily revealed to them the inner workings of the plan. Yesterday, October 6, the negroes declared, was the date set for the uprising. Women are said to have been members of the organization which the authorities say was known as the Progressive Farmers and Household Union of America.

Twenty-one white planters in this district, according to the alleged confessions, had been marked to be killed first. The killing of the 21, it was asserted, was to be followed immediately by a general massacre of whites, after which the negroes were to take over the land and till it. It was said efforts were being made to connect white men with the propaganda to incite the negroes to kill white residents.

### STILL IN CHURCH BASEMENT

**Nashville Sheriff Makes Raid As Congregation Worships**

Knoxville, Tenn., Oct. 7.—Tantalizing whiffs of something that was suspiciously like corn liquor drifted through the windows of the Broadway Baptist Church here while services were being conducted Sunday morning. Somebody slipped out of the church and notified Sheriff Cate, whose nose tracked the odor to a window in the basement of the church.

While the congregation was signing "Praise God, From Whom All Blessings Flow," the Sheriff entered the basement and discovered a moonshine still in operation. It was a 25-gallon outfit. He seized 120 gallons of beer, 40 pounds of sugar and a gallon of fresh corn whisky.

George Dearing, plumber, was arrested yesterday, charged with operating the still. He gave bond and was released.

"I guess I was a fool," was his only comment.

### "SUB" RAMS STEAMER

**300 Passengers on Ship is Hell Gate Channel Accident**

New York, Oct. 7.—Quick action on the part of the crew in closing the watertight "collision bulkhead" of the steamer Lexington last night, prevented was rammed by the United States submarine O-7 in the treacherous waters of the Hell Gate channel in the upper East river.

The Lexington, a Colonial Line steamer, was bound for Providence, with 300 passengers, when, according to passengers, the submarine, which had been meneuvering on the surface, suddenly headed across her bow. Many of the passengers were thrown off their feet by the impact.

A jagged semicircular hole of 10-foot radius was torn in the bow of the Lexington. The submarine was not damaged.

Ensign James Boyce, aboard the submarine, was the only man injured. His arm was crushed badly.

### DEMOCRAT PLAN

**Policy of Administration to Vote Against Treaty With Reservations**

Administration Senators, under the leadership of Senator Hitchcok, will vote to reject the treaty if the Lodge reservations or reservations similar to them are adopted by the Senate.

This was announced by Senator Hitchcock yesterday afternoon, following a visit to the White House. Senator Hitchcock did not see the President, but conferred with Secretary Tumulty to whom he communicated the latest facts concerning the situation in the Senate.

In Senator Hitchcock's opinion, the reservations proposed by the Foreign Relations Committee are equivalent to amendments and the effect of their adoption will be to make the treaty so objectionable to the other signatory powers that they will not accept it.

### WOMAN PITCHED FROM CAR

**Bandits Strip Her of Jewelry and Cash Valued at $1220**

Philadelphia, Oct. 7.—Brutally beaten and robbed of jewelry and cash amounting to $1220, and then thrown to the street from a moving automobile, Mrs. Carrie Barrett, a widow, of 2405 North Twenty-eighth street, is in a serious condition at her home as the result of her experience.

The attack and robbery, according to the Fairmont Park Guards, occurred on a scheduled driveway in what is known as Snyder's Wood, near the Oxford street entrance to the Park, at about 3 o'clock Friday morning.

Two men and two women committed the robbery and the assault, according to Mrs. Barrett, who declared that she met them in the central section of the city late Thursday night. She had intended going to the seashore early yesterday morning, she said, and met the young men and women while waiting for a train.

One of them suggested a ride in the interval between the time of departure of her train, Mrs. Barrett said, and she accepted. They rode along Broad street for a time until it was decided to drive through the Park, despite the objections of Mrs. Barrett. Upon reaching the deserted section of the Park, below Columbia Ave., she became suspicious. Mrs. Barrett said and strenuously protested against being driven further into the woods.

At this point, she said, two of the bandits grabbed and held her while the others snatched her diamond earrings valued at $400. She was then stripped of her other valuables, which included a $600 diamond and gold ring, a $200 platinum and diamond ring and $20 in cash.

Her hat was pulled violently from her head, Mrs. Barrett said, and then her slippers taken from her feet and thrown into the front part of the car. She was then pitched from the machine, which sped away.

Mrs. Barrett was found lying in the road about a half hour later by Park Guard Pepnys, of the Woodford Guard House, and after being given first aid treatment at that station, was removed to her home.

### DISMANTLING FORTS

**Destruction of Rhine Defenses Began Will Take A Year**

Mayence, Oct. 7.—The task of dismantling the 12 ancient forts which surround Mayence and protect the crossing of the Rhine has been begun by the Germans under the supervision of the French army of occupation.

The work, which is being carried out in conformity with the provisions of the Peace Treaty requiring the dismantlement of Germany's Rhine fortresses will probably require more than a year, as the job necessitates much blasting.

Sand and gravel resulting from th demobilition of the fort at Gonzenheim, several miles from Mayence, will be used for commercial purposes Some gravel has already been used for improving roads in the region of Mayence.

### POPE PRAYS FOR PRESIDENT

Charleston, W. Va., Oct. 7.—Grover Jarrell, formerly an official of the Mine Workers' Union in District 17, comprising the Kanawha, New River and adjacent coal fields, killed his wife and committed suicide, according to word received.

The murder and suicide occurred at the Jarrell Home on Song Creek, near Whitesville, in Boone county, Because of the isolated part of the hill country in which the Jarrells reside, definite word was not received here until two days after the shooting occurred. Jealousy was given as the cause. Five children survive.

### TEN KILLED BY BOMB

**Missile Thrown During the Funeral of Victims of Previous Outrage**

Helsingfors, Oct. 7.—Ten persons were killed and 28 others seriously wounded by the throwing of a bomb into a funeral procession in Moscow recently, according to advices from that city received here. Many other persons were slightly injured.

The dispatch states that the bomb, of the high explosive type, was thrown by an unknown man "during the funeral of the victims of the recent bomb outrage in the Kremlin."

### TWO NEGROES LYNCHED

Washington, Ga., Oct. 7.—Jack Gordon and Will Brown, negroes, were taken from the Lincoln County jail at Lincolnton early yesterday by a mob and lynched. Following the lynching, the bodies of both negroes were burned at the stake, it was said.

Gordon was charged with shooting Deputy Sheriffs Roy Freeman and Boyce Fertson, when the officers attempted to place him under arrest yestrday on charges of carrying concealed weapons and disorderly conduct. Brown was an alleged accomplice.

Freman was reported to be dangerously wounded and is not expected to recover. Deputy Fertson's wounds are not serious.

**Why People Buy Rat-Snap in Preference to Rat Poison.**

(1) RAT-SNAP absolutely kills rats and mice. (2) What it doesn't kill it scares away. (3) Rats killed with RAT-SNAP leave no smell, they dry up inside. (4) Made in cakes, no mixing with other food. ### WOMAN DEFIES ASSAILANT

Richmond, Va., Oct. 7.—Heavily armed searching parties are scouring the woods and country near Granite, several miles west of here, for a negro, who yesterday made insulting remarks and threatened to attack Mrs. L. A. Gallegher, of Chesterfield county, who was driving to this city in a surrey.

Only a display of nerve saved the woman. When she was stopped by the negro, Mrs. Gallegher seized a rock and defied her assailant, thus staying him off until a farmer hove in sight. When the negro saw the men he fled.

The posse has a description of the negro and Virginia faces the first lynching party in many years should he be caught.

### SIXTY KILLED IN WRECK

Mexico City, Oct. 7.—Sixty persons are known to have been killed in the derailment of a train running from Laredo to Mexico City. It is believed the death list will reach 75 or more. All the dead were among the second class passengers on the train.

### SLAIN BY MISTAKE

**Herbert Bennex Shot Down by Brother-in-Law Near Hyattsville**

Mistaking his brother-in-law for a burglar, Herbert Dixon, a merchant, of Greater Capitol Heights, D. C., shot and instantly killed Herbert Bennex, 21 years old, as the latter was going to his bedroom shortly before 12 o'clock Sunday night.

Bennex, who operated a store at Greater Capitol Heights, for his brother-in-law, went to Washington Saturday and returned home to find the place locked. His sister, Mrs. Dixon, threw him a key from her bedroom window, and Bennex came up stairs, and, as his sister thought, went to bed.

Instead Bennex went downstairs, and in the meanwhile his sister went to sleep. About midnight the latter awoke and heard a noise downstairs and, thinking a burglar was in the store, aroused her husband.

The latter got his shotgun and heard the man coming upstairs. He called to him to halt and inquired who it was. Receiving no reply, he fired.

On two previous Saturday nights burglars had attempted to enter the store, and Dixon was on guard. A coroner's jury met yesterday morning and, after hearing the testimony of Mr. and Mrs. Dixon, exonerated Dixon, the verdict being accidental death.

## Corns 'Tween Toes? Use Easy "Gets-It"

**Any Corn or Callus Comes Off Peacefully, Gloriously. Never Fails.**

It is easy for "Gets-It" to reach "hard-to-get-at" corns, and better yet, it is easy to remove them, because "Gets-It" makes them come

Any Corn Peels Off With "Gets-It."

right off just like a banana peel. You can try to dig or drag out your corns with a knife, or slice them with a "bloody" razor, or use bandages and tape and wrap up your toe into a package, but that's the "treat-'em-rough," painful, foolish way. Use 2 or 3 drops of "Gets-It"—that's the peaceful, sure, commonsense way that never fails. You reach the corn easily with the little glass rod in the cork of every "Gets-It" bottle. It does not hurt the true flesh. Try it, trot and smile! It's a blessing; never fails. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Alexandria and recommended as the world's best corn remedy by RICHARD GIBSON, FRANK WARFIELD.

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution, shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution), provide for the organization and government of cities and towns without regard to, and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five, (except so far as the provisions of section one hundred and twenty-five recognize the office of mayor and the power of veto) one hundred and twenty-six one hundred and twenty-seven and one hundred and twenty-eight of this article and except those mentioned in sub-section (d) of this section. The term "Council" as used in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances enacted and resolutions adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

**TWO WOMEN KILLED**

Philadelphia, Oct. 7.—Struck by a speeding express train, two women motorists, one of whom was well known in social circles in this city, were instantly killed late yesterday afternoon, on the crossing near Oreland Station, on the Bethlehem division of the Philadelphia and Reading Railway.

The victims were Miss Elizabeth D. Lockwood, 45 years old, daughter of Mrs. Charles Lockwood, of 7811 St. Mardin's lane, St. Martin's Chestnut Hill, and Miss Julia B. Lear, 31 years old, daughter of Mr. and Mrs. Henry Lear, of School lane, near Pulaski avenue, Germantown.

Caught directly in the path of the train, the women were dragged with the wreckage of the automobile for many yards, and their bodies horribly mutilated.

In a roadster, driven by Miss Lockwood, the two approached the crossing and halted to await the passage of a freight train on the southbound track. It is believed that the noise of this train drowned out all sound of the approaching Bethlehem flyer, an express which was traveling at the rate of forty miles an hour north.

### CINCINNATI WINS

**Reds Now Have to Win Only One More Game to Clinch the Championship**

Comiskey Park, Chicago, Oct. 7.—Cincinnati won the fifth game of the world series from the Chicago Americans here yesterday by a score of 5 to 0. Ellers pitching for the visitors was almost a perfect exhibition of twirling skill. He allowed the American Leaguers three hits scattered into as many innings, retired nine of them by the strike out route and was himself in the plays in the sixth inning that netted Cincinnati four runs. In this round he got a double, and by good base running landed on third. The support accorded him by his team mates was flawless.

On the other hand Williams, while he allowed but four hits, was slightly wild, his team mates did not support him as well as the Reds supported Eller, and the visitors succeeded in getting hits off him at an opportune moment. The series now stands::

Cincinnati—4 won, 1 lost.
Chicago—1 won, 4 lost.

The attendance was 34,379. The receipts, exclusive of war tax, were $97,839. The players' share $52,893.08. Club's share $35,222.04. Commission's share $9,783.90.

### SPEAKERSHIP CLAIMS

Richmond, Va., Oct. 7.—Rivalry for the Speakership of the next House of Delegates is becoming acute. Claims made by the candidates and their friends for the honor are varying. The claim is made on behalf of K. N. Gilpin of Front Royal that he will have more than 50 votes in the caucus; Colonel Brewer, the other aspirant, says he is positive that he will have more than 65 when the roll is called in the caucus. That accounts for a membership of 115 in the House of Delegates, and the law only allows an even 100, and from this Republicans have to be deducted.

In this connection it is generally conceded that the minority party in Virginia will have more members in the lower branch the coming session than for years. Defeat of men who have been prominent is said to be impending.

## THEATRES

### RICHMOND THEATRE

"Blackie's Redemption,' Bert Lytell's newest Metro feature, which will be shown at the Richmond Theatre tonight, is a thrilling story of an "honorable crook,"—an absorbing drama of the underworld with an appealing romance of love and faith. In it Blackie, a crook, a gentleman and a scholar, tires of his lawless life and decides to reform and marry Mary, the girl of his heart. He is prevented, however, by an underhand "frame up" of Fred the Count, and a prison term ensues. His thrilling escape, the trust and devotion of Mary, and the rare humanity of the prison warden are the predominating features which lead to an exciting and amazing climax and the play ends in love and hapiness.

### INGOMAR THEATRE

Elsie Ferguson's new Artcraft picture, "The Marriage Price," which is being presented at the Ingomar Theatre tonight, is an excellent photoplay, the story being quite dramatic and the situations of unusual strength. The supporting cast headed by Wyndham Standing is one of great merit.

### GRAND THEATRE

Alice Joyce has one of the most heroic roles in her screen career in "The Cambric Mask," which will be seen in the Grand Theatre tonight. Big, dramatic scenes abound in the adaptation of the novel of the same name by Robert W. Chambers and the beautiful Vitagraph star give a splendid exhibition of night riding when she rescues her sweetheart from a band of White Riders who are taking him to his death. Tom Terriss directed the picture and in the supporting cast are Herbert Pattee, Maurice Costello, Roy Applegate, Bernard Siegel, Jules Cowles, Martin Faust and Florence Deshon.

Also Eddie Polo in a Western drama.

**Great Excitement in Alexandria**

A large animal ran amuck through the streets last week and locked in his great antlers at least 30 men. He is about the city today. Have you seen him? He is not dangerous, he is a friendly animal and offers to you sir; protection for your self and family. From this great and majestic animal the Loyal Order of Moose takes its name. It is the progressive order of the century.

There follows in its wake 650,000 men, men who follow the great principal of the Moose "One for all, All for one" and who hold Mooseheart in the hollow of their hand. The wonderful Mooseheart, the school that trains for life."

Following is an extract from the speech of Brother Thomas R. Marshall, Vice President of the United States, on Aug. 6th, 1918.

I dedicated Mooseheart, as I remember on a very hot July day under the folds of a Circus Tent and not another building in sight. I felt that like many of the good ideas and good devices of human kind it was only a Circus performance and when the Tent went down, the show would be over. Thank God for miracles, Thank God today, that I can stand before you and say that notwithstanding all that the higher critics may say on the subject, the age of miracles has not passed. All that I hoped for, longed for, and prayed for has come to pass at Mooseheart.

In addition to Mooseheart where 750 children are being trained, the Moose pay $9 per week sick and accident benefits and $100 funeral. Initiation fee $6, dues $11 per year. Virginia Lodge No. 1076 invites you to membership. The charter is open, after charter closes the initiation fee will be $20.00. Don't forget the lodge meet over Alexandria National Bank tonight at 7.30.

## To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

By order of the Board of Directors
